

KLOVE radio provides an invaluable service to my family and my community through clean family friendly programming that helps parents provide positive values to our children

If KLOVE were displaced by an LPFM providing other programming the local community would be negatively impacted by the loss of KLOVE.

I feel that the service provided by KLOVE is in the public interest as it provides to only on air commercial free alternative for family freindly programming program thereby allowing a generation of children to grow up free from the sometimes negative influences of pop culture.
